

I'm not robot

Open

An example will probably make it clearer: Let $A = \{\text{John, Mary, Sam}\}$, and let $B = \{\text{eggs, oatmeal, toast, coffee}\}$, and let f assign to each person his or her favorite breakfast. Here is a picture of the situation, called the *internal diagram* of the map:

Steve awodey category theory solutions. Category theory paperback steve awodey.

Category theory solutions by Steve Awodey. This document contains solutions to exercises from the book 'Category Theory' by Steve Awodey. The solutions cover various topics in category theory, including functors, natural transformations, and adjunctions. The text is dense and includes many mathematical symbols and definitions.
